

We are responding to your November 24 letter. Please be advised that the committee did file a timely 24-hour Schedule E with the Commission on June 3, 2010 with respect to all of the independent expenditures that were itemized on the committee's July 2010 Monthly Report. When the committee filed Schedule E, the committee was newly registered (on June 1) and was not yet able to file electronically. Accordingly, the committee filed the 24-hour Schedule E by fax. Copies of the Schedule E that was filed and the fax transmission cover and transmission verification report have been mailed directly to Alexandra Broomhead, Senior Campaign Analyst, Reports Analysis Division of the Commission, because we are unable as a technical matter to attach them to this electronic message. We do not know why your records do not reflect our faxed June 3 Schedule E report. Please also note that the list on page 3 of your letter omits two entries on the filed Schedule E, each \$378.18 to Alamo Rent-a-Car.
